The 2010-2011
Sights & Insights is
hereby dedicated
to...

Krispin Barr

Dean Barr is more than just the Dean of Students. In addition to being a wonderful mother off-campus, she is a fierce advocate for all of the students here on campus. Dean Barr makes herself completely available to all students, and she continues to go above and beyond in order to find ways to help Salem women achieve their goals. The Sights & Insights staff not only dedicates this book to her for these reasons, but also for a more personal reason. This summer we were in need of a new adviser. Dean Barr not only stepped in for us, but she has personally made it possible for Sights & Insights to succeed this year. She has worked tirelessly to help us make this year's book the best edition yet. We can think of no person better suited to receive the 2010-2011 Sights & Insights dedication. We love you Dean Barr!

Deepening The Roots Of Sisterhood...

One Year At A Time

The 2010-2011 school year was all about bonding as Sisters on a deeper level. This year Salem saw a revolution within the student body - a revolution only understood by the people within it. As the Sights & Insights staff it was our goal to capture this attitude and its events in photos and print. It was a difficult job, but we hope that we have succeeded in the same way Salem Sisters succeeded in their revolution.

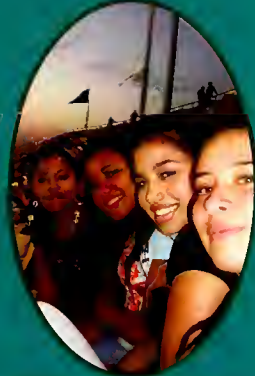

Student Life

Deepening the Roots of Friendship

Welcome To Salem

Orientation and Honor Code Signing

A new year at Salem is always an exciting time for everyone, especially for the First-years who are just starting out on their college journey. Orientation is a very important time before classes start in order to get acquainted with the campus, make new friends and help the first-years transition into a new and exciting phase of their lives. From the opening skit to small group time, Orientation helps the First-years and transfer students feel at home here at Salem.

Possibly the most important aspect of Orientation at Salem, the Honor Code signing is a tradition that has existed for many generations. By signing the Honor Code, new students promise to uphold the integrity of the institution during the time they spend here. After the ceremony, the newest incoming class takes a walk to Sister Oesterleine's grave to leave daisies and celebrate the next four years they will spend living and learning at Salem.

Opening Convocation, as always, was an emotional affair. First-Years buzzed with excitement as they witnessed the official beginning of their college career. Sophomores cheered for their graduating Big Sisters, while Juniors celebrated their new status as upperclasswomen. Seniors, decked out in lingerie and some fancy footwear, laughed and cried as they opened their final year. With inspirational speeches from SGA President Mory-Lynn and Professor Heidi Echols, Salem women greeted the new year with joy and enthusiasm!

Traditions define Salem. They are what make Solem such a unique and extraordinary place to go to school. While it is unclear why senior robing and hat burning began, its purpose was to celebrate the beginning of the Seniors' final year at Solem in a fun, yet sentimental way. Brittany Tedrick, Senior class president, said she "felt that it was important to bring back a tradition that was so important to the lives of Salem women throughout the early 1900's." The class of 2011 proceeded to the center of the square wearing paper graduation hats their Little Sisters had decorated. As each Senior's name was called out she would step forward to have her Little Sister replace her paper hat with her gown and cap. The ceremony ended with the singing of the Alma Mater. Later that night, the classes of 2011 and 2013 met on the athletic fields to enjoy s'mores and to celebrate the Seniors' final year at Solem. Each Senior burned their paper hat to commemorate the special occasion.

This year's Fall Fest theme was "The Seven Natural Wonders of the World." As such, it became the responsibility of each class to create a story of Sisterhood inspired by one of these beautiful treasures of nature. And did they succeed! The First-Years described a coming-of-age ritual. They skillfully used the native tribes surrounding the Paricutin Volcano as a parallel to our own First-Year experiences. It was an all too accurate description of the college socialization process we each remember with the same mixture of humor and pain shown to us by the First-Years. The Sophomore Fall Fest skit for this year was a major hit! It was funny, it was sad, and it taught us all just how valuable Salem Sisters are. The Little Sisters took a long, dangerous journey to the summit of Mount Everest - all so they could be at their Big Sisters' graduation. Along the way they encountered two avalanches, freezing temperatures, and the infamous Spark People! With a little help from each other, the group of Sophomores reached the summit in time for graduation - and brought Sisterhood to the Spark People too! The Juniors took a different approach to Fall Fest this year. Instead of the traditional skit, they chose to share heart-felt and true stories that described what "Sisterhood" meant to each and every one of them. Although their intent was to mimic the unique qualities of the Northern Lights, we all shared the same emotional feelings behind these tales. Even though they took an unconventional approach to Fall Fest, they succeeded in creating memories that will forever bond them as sisters. Finally, our dear departing Seniors expressed their fear of leaving the warmth of Salem and entering the cold outside "real world." Their metaphor of being lost within the Great Barrier Reef was not lost on us as we watched them struggle through the confusing obstacles which barred their way home. The Seniors couldn't fool us with the humor in the story either, especially when they came on-stage to sing their Sister Song in their graduation robes! As the Salem Sisters of all classes wrapped up Spirit Week with a party in Bryant Hall, they put the stress of competition behind them and focused on what matters most: their now deeper roots of Sisterhood.

Family weekend is an annual event during which parents are invited to see the campus and get a feel for what their daughters do everyday. There are often events organized by the school for the family to do and this year was no different. Many wonderful families attended the event this year and enjoyed the annual Sprint & Stroll, Jazz Social, and Sunday brunch.

Christmas Traditions

A Salem Heritage

The Maravian heritage of Solem College is still olive today. Every December students are invited to participate in a Christmas Candlelight Service held in Hanes Auditorium and o Maravian Christmas dinner in Moravian Home Church. Raising candles as the auditorium echoes with sang and eating a dinner of Maravian chicken pie afterwards are bath favorites in the Solem community. The condles used during the Candlelight Service are trimmed by Salem seniors. This is a privilege only seniors are granted.

Pierrettes...

All Photos by Jenni Swartow

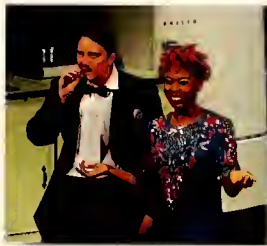

"Murder by Membership Only" was this year's fall production by the Salem College Pierrettes. 18 amazing women took time out of their busy schedules to bring a night of fun and entertainment to the college community. Although only half of them are shown in these pictures they were all quite successful in creating this humorous production. Within this small world of women writers, a murder has taken place! For the protection of their reputations, the Orczy Club decide to solve the murder for themselves - before calling the police! But what a shocker when the prime suspect ends up dead herself! What is to happen now to this elite group of women? Well, find out of these fabulous ladies and ask them for yourselves...if you dare.

"The Drowsy Chaparone" was a spring musical all about laughs. The show took the audience through a hysterical, flashy journey culminating in the uplifting idea that we are never truly alone. This unforgettable cast did a fabulous job of showing us all just why stories - and musicals in particular - exist...and why we love them. As the Man in Chair (played by Alex Carreiro - 'C'12) says: "What more do you need for an evening's entertainment?"

Vagina Monologues

Student directed by Kori Rass (C'11) and Sara Elizabeth Santa Cruz (C'11), the Vagina Monologues are a compilation of real women's stories about their vaginas. Written by Eve Ensler, this fascinating piece is presented annually in conjunction with "V-Day," an organization dedicated to ending violence against women worldwide. Sara Elizabeth and Kari took a major step this year by adding a few set pieces to create a more welcoming, sisterhood-like feel to the characters on stage as well as the audience. This year, the Vagina Monologues and V-Day focused their efforts in Haiti. In the aftermath of the devastating earthquake, V-Day found that many women and girls were being abused with the recent trauma used as an excuse. Additionally, an important member of V-Day, Myriam Merlet, perished in the earthquake, and in her honor this year's spotlight monologue (titled in her name) was dedicated. The Vagina Monologues admission price and fund-raising helped bring money to the Family Services of Winston-Salem and towards helping the women and girls in need in Haiti.

Spring Cocktail

This year, CAB decided to take us all to the beach with their theme of Una Nache En La Playa. There were margaritas being made, without the spirits of course, as well as lively upbeat music. Despite the weather causing an evacuation of Clewell Patia and a hurried rush to Bryant Hall, this was definitely a night to be remembered. Thank you CAB for another amazing event!

Sophomore Senior

Celebrating Sisterhood

One thing that incoming First-years look forward to most at Salem is getting a Big Sis. After bonding and developing a lifelong friendship over two years, the time comes for the now Sophomores to celebrate all of the accomplishments of their soon to be graduating Big Sister class.

This year, the class of 2013 planned an exciting casino-themed Sophomore-Senior celebration. With everything from hilariously entertaining skits to a rocking live band, the classes of 2011 and 2013 came together for one last night of fun and bonding before the Seniors graduate and the Sophomores prepare to welcome in their own Littles!

Academics

Nourishing the Tree of Knowledge

The life of a Salem Sister includes much more than just social activities! In the midst of dances, concerts and other fun activities, Salem women continually strive to earn an education that will prepare them for life outside of our esteemed institution. The Day of Academic Excellence is a chance for the Salem community to celebrate all that hard work and honor those who have achieved academic success. It is a time for upperclass women to show off their accomplishments and for underclass women to reflect on their own academic goals. Overall, it is a day for Salem women to celebrate the fruits of their labors!

Founder's Day at Salem College occurs once a year when the spring semester is nearing its end. It is held in the May Dell where the Market Street Brass Ensemble, Salem Academy Glee Club, and Salem College Charale accompany the proceedings with music and song. It is a time to celebrate the founding of Salem Academy and College by Sister Elisabeth Oesterlein. Sister Oesterlein was the sale teacher and director of the Little Girls' Schaal of Salem. Every year an award is given in her name to a graduating senior from both the Academy and College who has shawn exemplary qualities while at Salem. It is one of the most prestigiaus awards a Salem student can receive. This year's College recipient was Kari Rass.

Salem Softball!

The 2010-2011 Salem College softball program was headed by coach Scott Long and assistant coaches Ken Hunt and Jenny Gustin. Under the direction of the softball staff, an enthusiastic group of Salem women spent Monday and Wednesday nights practicing and preparing for scrimmages against High Point and Winston-Salem State. The team came out with a hefty victory against High Point and a loss to Winston-Salem State. With this experience under their belts, the team is off to a great start. Talented current students combined with incoming recruits leaves the team hopeful that the inaugural season in the spring of 2012 will be even better!

Juniors

Deepening the Roots of Community

It's Unanimous!

We asked the Juniors what they're favorite thing about Salem was, and they almost all immediately shouted "SISTERHOOD!" Well, actually, they shouted "COMMUNITY", but it works! Below are some of their unique ways to say it, as well as a few of their other favorite things:

Anna Boyer

"My favorite thing about Salem is the sense of community. It sounds really cheesy and it is certainly not something that is unshakable, but I really do feel that the students of Salem have formed a unique and irreplaceable community/family."

Khrystine Smith

"My favorite thing about Salem is that I can have a perfect balance of excellent academics and a sisterhood that I would not be able to find anywhere else."

**Ellen
Dunn**

My favorite thing about
Salem is probably my
best friend, my sisters who
always make me so
happy!

**Sarah
Maher**

I love the pine tree and
history of the temple. It is
beautiful and peaceful and
a great place to see. I also
love how easy it is to build a
great personal relationship
with your professors.

**Krystyna
Martin**

When you think of Salem
what comes to the
mind is the
campus and the
beautiful view and the
great food and the
great people that are
always there to help
you. I love the
campus and the
great people that are
always there to help
you. I love the
campus and the
great people that are

you.

Juniors Bring Back Tradition!

This year at Salem a group of Juniors brought back the well-loved Salem tradition of May Day. But they didn't just bring it back, they took it all the way back to its roots! First, a group of four - Jenni Swartout, Stephanie Young, Sara Rapp, and Ruthie Treadway founded The Circle, a new religious organization focused on creating a safe haven for Sisters of nature-based religions. Not only did they find members, but they also found overwhelming support from Salem students, staff, and faculty. To inaugurate the group, The Circle hosted a true-to-history May Day Carnival. Games were set up that honored May Day traditions, yet still gave them classic Salem twists. For example, May Day tradition dictates a Joker be chosen from a group of friends, and she would spend the day teasing and taunting the women of the May Court. At Salem, we women of the May Court threw pies at the Joker and teased her - played by Sara Rapp and Sarah Abee. Members of The Circle are pictured above.

IN RECOVERY

As the economy shows signs of recovery from the worst recession most Americans had ever known, President Barack Obama's satisfaction ratings also boom from these pollsters.

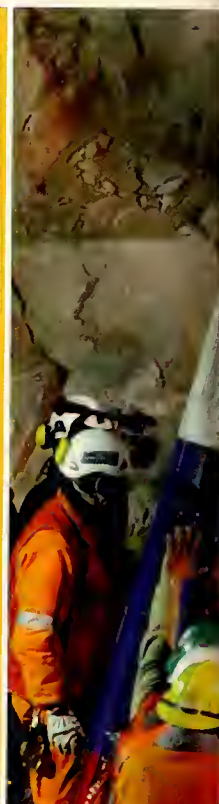

(clockwise from top left)

NEW HOMEOWNERS REJOICE First-time homebuyers received tax credits of up to \$8,000 when Congress passed a bill intended to revitalize a struggling housing market. The early summer deadline was later extended to serve those buyers whose closings were delayed due to the number of loans being processed.

WAR IS OVER in late August, President Obama announced that Operation Iraqi Freedom had officially ended. While the last combat brigade had already vacated, some U.S. troops remained in Iraq through year's end to help with training new Iraqi military forces.

HEALTH-CARE REFORM The Affordable Care Act was signed into effect in March 2010, with the hope of enhancing accessibility and quality of health care for all Americans. Proponents

predicted continued growth for months. **PAYROLL TAX CUT** aimed at stimulating the economy by increasing take-home pay, these cuts saved workers earning \$50,000 an estimated \$1,000. Some opponents worry about the decrease the cuts would cause in Social Security funding.

REPORTED BEING BULLIED.

CYBER-BULLYING

Bullying didn't always happen at school or even in person. Some of the most vicious attacks happened over the Internet on social networking sites or via instant messages. Many worried that internet bullying was becoming more prominent because of the relative anonymity afforded by phantom screen names.

A REAL ISSUE:

BULLYING

Though bullies had been feared in schools and neighborhoods for centuries, the changing landscape of peer teasing and torture took several visible turns in recent years.

In the past, intimidation and verbal or physical abuse may have been most common forms of bullying. Another form of bullying, social alienation, became more powerful as a result of cyber bullying, where a victim's reputation may have been destroyed via emails, blogs, forum posts or text messages.

After what seemed to be an increase in teen and tween suicides due to bullying, many schools, communities and other organizations moved to provide programs and information for affected students and their parents/teachers.

ITGETSBETTER.ORG

The movement inspiring near 10,000 user-created videos and more than 30 million views, was started in 2010 by author Dan Savage. Among the celebrities, politicians and businesses submitting videos were President Obama, Hillary Clinton and employees of both Facebook and Google. It was a place where people could share their stories, take the It Gets Better Project pledge and watch videos of love and support.

NATIONAL SUICIDE PREVENTION LIFELINE

By calling 1-800-273-TALK, anyone feeling the extreme effects of bullying could get the support they might need from trained volunteers who were ready to help.

CARTOON NETWORK'S "STOP BULLYING, SPEAK UP" CAMPAIGN

Kid-centric television channels such as Cartoon Network stepped up to the plate in the fight against bullying. They launched their own campaign to encourage kids to speak up and to ultimately get their schools involved in anti-bullying programs.

THE TREVOR PROJECT AND LIFELINE

The Trevor Project was established to end suicide among young people by providing life-saving and life-affirming resources including a nationwide, 24/7 crisis intervention lifeline (1-866-4-U-TREVOR), digital community and advocacy/educational programs that created a safe, supportive and positive environment for everyone.

VIDEO PROOF

After the miners gave their loved ones a sense of relief by showing all 33 men alive and accounted for, they used videos to chat with their families.

BOUNCING BACK

Arizona congresswoman Gabrielle Giffords made record strides in her recovery after a gunshot wound to the head during a Tucson shooting in January that killed six others. Giffords was critically injured, but surpassed expectations in the months following the shooting.

JOINING FORCES

When Britain's 2010 election ended in a hung Parliament, the two winning rival Prime Minister candidates (David Cameron, a Conservative, and Nick Clegg, a Liberal Democrat) agreed to join forces and form a coalition government, the U.K.'s first in more than 30 years.

FLAWLESS RESCUE

Televised efforts allowed the world to look on as Chilean miners trapped underground for nearly 10 weeks by a mining accident returned to safety in October. It took just 22 hours and 37 minutes for all 33 miners to travel nearly half a mile to the surface.

EGYPTIAN OVERTHROW

President Hosni Mubarak's 30-year reign over Egypt ended in February when huge protests encouraged him to step down.

A ROYAL ENGAGEMENT

Prince William and his long-time girlfriend, Kate Middleton, scheduled an April 29 wedding after a much-discussed engagement.

LOSS OF POLISH PRESIDENT

Leszek Kaczyński, his wife and 94 others died in April 2010 when their plane crashed in Russia. Thick fog was cited as the accident's cause.

SUPREME COURT

Elena Kagan, formerly the Dean of Harvard Law, was sworn in as the Court's newest Justice in August. She replaced 90-year-old Justice John Paul Stevens.

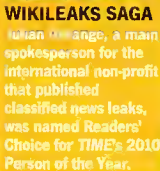

MOSQUE UNREST

After hearing of plans to build a Muslim community center within blocks of Ground Zero, protesters stormed the streets.

NEW SPEAKER OF THE HOUSE

Nancy Pelosi handed the symbolic gavel to Republican John Boehner, the newly elected Speaker of the House, in January.

WIKILEAKS SAGA

Julian Assange, a man spokesperson for the international non-profit that published classified news leaks, was named Readers' Choice for TIME's 2010 Person of the Year.

/DON'T MESS WITH MOTHER

VOLCANIC ASH

European air travel was severely disrupted when Eyjafjallajökull, an Icelandic volcano, erupted through the summer months producing a dense, enormous ash cloud.

EGG RECALL

Nearly half a billion eggs were recalled from nearly 20 states after a salmonella outbreak sickened thousands. All of the eggs came from a single egg-producing company in Iowa.

SNOWPOCALYPSE

Winter yielded record snow levels. Many areas of the country saw multiple school delays and closings due to snow. On Jan. 12, 2011, 49 of the 50 states reported snow on the ground.

IN LIVING COLOR

Scientists revealed the discovery of the biological structure that gives feathers their color in the journal *Nature*. The report provided evidence that dinosaurs had a coat of downy feathers.

CAR BOMB ATTEMPT

An observant sidewalk vendor who noticed a smoking car and alerted police helped avoid a potentially dangerous situation in Times Square.

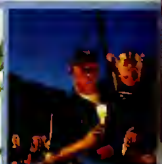

GUILTY

Faisal Shahzad, a 30-year-old Pakistani-born U.S. citizen, was arrested as he tried to leave the country and later pleaded guilty to the attempt.

HOW BIZARRE

In a matter of a couple of days in January, hundreds of birds and fish died mysteriously in several states. **WV MINING TRAGEDY** A devastating April 2010 explosion killed 29 miners and injured others; the mining company had a history of safety and environmental infractions. **NEANDERTHAL DNA** German scientists partially reconstructed the Neanderthal genome and proved the survival of the genome in modern humans.

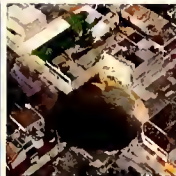

AND THEN

Nearly 100 tons of dead fish, mostly sardines, washed up on a Brazilian beach and reports of other mass deaths came from Italy and France.

While theories about the mass deaths included everything from cold stress and fireworks to hail, many scientists suggested that the various occurrences were merely coincidental.

NATURE

THE 'HOLE' STORY

A massive sinkhole in Guatemala City opened up and swallowed a 3-story building after Tropical Storm Agatha flooded the area with more than three feet of rain in May and June.

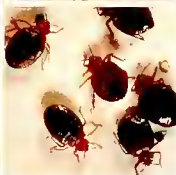

UNRELENTING RAIN

Nashville suffered its worst flood in more than 80 years after storms dumped more than 13 inches of rain on the region in two days. Buildings were flooded and more than 30 died.

LA NIÑA MONSOONS

Nearly 2,000 were killed and an estimated one quarter of the land in Pakistan was flooded in July. Miles of highway and railways and acres of farmland were ruined.

SLEEP TIGHT

Bedbugs terrorized the nation, invading hotels and stores nationwide. Because of the problem, a National Bedbug Registry allowed travelers to investigate hotels before checking in.

OUT OF THIS WORLD

A solstice lunar eclipse — the first since 1638 — occurred on Dec. 21, 2010, and was visible across North America.

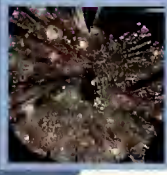

MINING MATTERS

In recent years, 51 coal seams in West Virginia had contributed 30,000 direct jobs to the state's economy, and its status as the nation's largest underground coal source.

OLDEST GALAXY

NASA's Hubble Space Telescope discovered a small star cluster 13.2 billion light years away; the Milky Way was 100 times greater in size.

LUNAR WATER

A probe found millions of tons of water ice at the Moon's north pole. The water source could be used to sustain a moon base or generate oxygen.

NEW PLANETS

NASA announced that its Kepler Telescope had identified 54 planets that could sustain human life. Conditions conducive to liquid water meant the planets might be inhabitable.

LAST SHUTTLE

The third space shuttle flight of 2011 — and NASA's very last shuttle flight ever — was scheduled for Atlantis on June 28, 2011.

/OIL SPILL IN THE GULF

BRITISH PETROLEUM

CEO Tony Hayward testified before the House Energy and Commerce Oversight and Investigations Subcommittee. Hayward resigned from his post on July 27, 2010.

205 MILLION GALLONS

The amount of crude oil that spilled into the Gulf of Mexico made this the world's largest accidental oil spill in history. After five months, the well was declared "effectively dead."

THE PEOPLE SPEAK

BP station boycotts and anti-BP social media groups as well as traditional protests, like this one in Vienna, Austria, allowed people to make their feelings about the oil spill known.

BOUND TO HAPPEN

The follow-up report by the National Commission on the BP Deepwater Horizon Oil Spill and Offshore Drilling said "systemic" problems caused the blowout/oil spill and only "significant reform" could prevent future spills.

THE STATS

APRIL 20, 2010

BP's oil rig, Deepwater Horizon, exploded in the Gulf of Mexico, killing 11 men and injuring 17 workers. In late April, BP estimated the resulting leak at about 5,000 barrels (210,000 gallons) a day.

A NEW ESTIMATE

In June, the government produced other figures, estimating that 30,000 to 65,000 barrels (as much as 2.7 million gallons) of crude was pumping into the gulf each day.

OBAMA SPEAKS

The President addressed the nation after traveling to the gulf to survey the damage made to the Louisiana coastline.

ORGANIZED CHAOS

For months, controlled burns were conducted at sea to help prevent any further spreading of the oil to the shoreline. Coastline in four states was affected.

MONEY WHERE THEIR MOUTH IS

BP projected that they had already spent \$2 billion on clean-up efforts by June. The budget tallied \$20 billion over three years.

LIVE FEED

The nation was able to survey the oil escaping from the leak site via BP's live video feed, assuring the public that the leak would be taken care of.

HOW TO PROPERLY WASH OIL-COVERED BIRDS

STEP 1

gently flush eyes with warm saline solution. Swab oil from nostrils and bill. Remove any oil from skin with baby

STEP 2

Wash oil from body and wings with a dishwashing solution. Make sure to wipe the feathers in the direction they are growing.

STEP 3

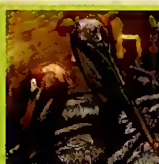

Repeat 3-4 times until oil is completely washed away, then gently towel dry bird. Bird will be ready for release in 2-4 days.

DEAD SERIOUS Oil contamination is often deadly for birds if they are not properly washed and cared for. Oil reverses birds' water resistant feathers, making them vulnerable to temperature change. Oily feathers also make it impossible for birds to fly and can even drag them underwater to drown. The oil can also cause internal harm when birds try to preen the oil from their feathers. It can cause kidney, liver and reproductive damage among other things. **CLEANING EFFORTS** Scientists and other volunteers worked on all kinds of wildlife affected by the spill. The processes for cleaning birds, turtles and dolphins varied, as did survivors' chances for recovery. Thousands of birds and dozens of turtles and dolphins perished. **LASTING EFFECTS** in addition to the casualties and the damage to wildlife, there are numerous other long-term effects. Human health issues included increased risk of cancer and other ailments, as well as escalated stress. Two of the region's other major industries (tourism and seafood) were shut down immediately and suffered lasting losses. Louisiana traditionally contributed a third of the nation's shrimp, oysters, crab and crawdads and, despite massive marketing campaigns, hotels and resorts on the shore suffered decreased occupancy throughout the summer.

STRENGTH IN NUMBERS

By June, 558,000 barrels had been collected from the water's surface and nearly 1,240 miles worth of booms had been set up to contain oil from reaching the shoreline.

HELPLESS

While four wildlife rehabilitation centers were established in response to the oil spill, 36 national wildlife sanctuaries were threatened.

OTHERS JOINED IN

Mexico, Norway, Canada and the Netherlands all donated equipment (such as the water-skimming system on the right) to aid in the clean-up efforts.

JULY 15, 2010

After nearly three months, the leak was finally capped, but not before the effects of the spill could be seen in photos that were taken from space.

NO LONGER ASEA

It was estimated that more than 125 miles of Louisiana shoreline was contaminated with the washed up crude oil.

OIL CAPTURE RIG

Discoverer Enterprise, a deepwater drilling vessel, aided in recovering the spilled oil gushing from the leak site after a cap was placed in June.

/THE MAKING OF

TIGERS EDGE DUCKS

The top-ranked Auburn Tigers defeated the No. 2 Oregon Ducks 22-19 in the BCS Championship game in Glendale, AZ as the 2010-11 season wrapped up. Auburn quarterback and Heisman Trophy winner

Cam Newton threw for 256 yards and rushed for another 64, accounting for two touchdowns. Freshman running back Michael Dyer was named MVP. Senior Wes Byrum kicked his sixth career game-winning field goal on the last play of the game to save the Tigers' perfect season.

This was the fifth consecutive national championship for the SEC.

FAST AND FURIOUS X 5

Jimmie Johnson came in second to Carl Edwards at the Ford 400 at Homestead-Miami, but that was enough to vault him over Denny Hamlin in the points race to win his fifth consecutive NASCAR Sprint Cup Championship. Hamlin's car was damaged early in the race and never challenged for the lead. Only Richard Petty and Dale Earnhardt, with seven championships each, had more titles than Johnson. Between 2002 (when he joined Hendrick Motorsports) and 2010, Johnson recorded 53 wins, 203 top-ten finishes and 25 pole positions.

DUKE DOES IT AGAIN
